School Description

Roberts Ferry Charter School has distinguished itself for its nurturing and supportive environment and academic achievement.

This small, rural school has a tradition of pride in serving the “total” student and their families.

Challenges in the coming year include maintaining and improving upon this tradition of student learning in a supportive environment. Our charter school was established in the district in an attempt to expand your student’s educational options. A facilities modernization was completed.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (Most Recent Year)

The district makes a great effort to ensure our school is clean, safe and functional. To assist in the effort, the district uses a facility survey instrument developed by the State of California Office of Public School construction, in keeping with the Williams Legislation of 2004. This instrument provides specific information on the condition of the school and the efforts made to ensure our students are provided with a clean, safe, and functional learning environment.

On a quarterly basis, the district submits a Williams Settlement Uniform Complaint Report to the County Office of Education. To this date, no facilities complaint has ever been filed with the district. Roberts Ferry School has six classrooms, a multipurpose room/library, and administrative office. The school opened in 1919 in a schoolhouse that was replaced with a new building in 1976. An additional building was constructed in 1986. Two portable classrooms were constructed in 1996. District maintenance staff ensures the repairs necessary to keep the school in good condition and working order are completed in a timely manner. A work order process is used to ensure efficient service and emergency repairs are given the highest priority. The principal works with the custodian to develop cleaning schedules to ensure a clean and safe school. The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Modernization was completed in 2011.

Architectural planning for construction of a new building has taken place. Construction was completed in 2013. The buildings consist of a library, auxiliary classroom, and storage area.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Group	Number of Students		Percent of Students	
	Enrolled	with Valid Scores	w/ Valid Scores	Proficient or Advanced
All Students	13	13	100.0	61.5

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Roberts Ferry Charter School benefits from the many supportive parents that participate in schoolwide events. The school has a strong base of parent volunteers that assist in their children's classrooms. Parents are also welcome to join the Parent/Teacher Club and School Site Council. For information about getting involved at Roberts Ferry Charter School, please contact Bob Loretelli District Superintendent/Principal, at (209) 874-2331.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Roberts Ferry Charter School is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Site Safety Plan is reviewed on a regular basis by the School Safety Committee and will be updated by the School Site Council each year. All revisions are communicated to the classified and certificated staff. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Lockdown drills are held monthly during the school year. Students are supervised before and after school by certificated staff and by classified staff during lunch and break periods. There is a designated area for student drop off and pick up. Visitors are to check in at the school office.

Types of Services Funded

Federal Title I funds pay for our remedial language arts and math programs for students whose skills are below grade level. We used Title III funding to hire a bilingual classroom assistant and buy supplemental materials for our English Learners.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
